

# Session 2: Biology and Physics

Linh

08/04/2023

## 1 Biology: Evolution

Watching List:

- [Myths and misconceptions about evolution - Alex Gendler](#)
- (Bonus) [The evolution of animal genitalia - Menno Schilthuizen](#)

Food for thoughts, maybe need research more outside the video:

- What is revolution?
- How is it actually happen?
- Explain the concept of "natural selection"?

## 2 Physics: What is Physics?

Watching List:

- [The Map of Physics](#)
- [What is the Wave/Particle Duality? Part 1](#)
- [The Wave/Particle Duality - Part 2](#)

Food for thoughts:

- List some fields of Physics?
- What is Heisenberg Uncertainty Principle?

## 3 Reflect!
